THE KEY TO GLOBAL SUCCESS

ACS Control-System GmbH worldwide network:

Innovative measurement technology – Made in Germany

ACS Control-System GmbH is an innovative and powerful company for measurement and control systems. For more than 30 years we produce and sell sensors worldwide to measure level, pressure, temperature and flow. Our sensors and control devices are successfully installed in all industrial areas.

Everything from a single source – worldwide. That is the motto for our extensive product range. ACS offers serial products as well as customized solutions – no matter where the costumers are located in the world.
